Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Muncie Mission Ministries, Inc. and Bountiful Harvest Ministries, Inc., which comprise the consolidated statements of financial position as of December 31, 2021 and 2020, and the related consolidated statements of activities, functional expenses - programs, functional expenses - supporting services, functional expenses - fundraising, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of Muncie Mission Ministries, Inc. and Bountiful Harvest Ministries, Inc. as of December 31, 2021 and 2020, and the changes in its consolidated net assets and its consolidated cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Muncie Mission Ministries, Inc. and Bountiful Harvest Ministries, Inc., and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Muncie Mission Ministries, Inc. and Bountiful Harvest Ministries, Inc.'s ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Muncie Mission Ministries, Inc. and Bountiful Harvest Ministries, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Muncie Mission Ministries, Inc. and Bountiful Harvest Ministries, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - SUMMARY OF ACCOUNTING POLICIES

1. Organization

Muncie Mission Ministries, Inc. and its related entity, Bountiful Harvest, Inc. provides shelter for homeless men, women, and their families in East Central Indiana. Muncie Mission also provides meals for residents, free lunch to needy nonresidents, chapel services, support meetings and educational classes. Needy families, single women and children are assisted through the provision of clothing, furniture, household needs and food. Support groups and educational classes are available for families. Financial support for these services consists of grants and donations from private and public organizations and individuals. In addition, Muncie Mission operates retail shops to provide low cost or free clothing and household items to low-income families. Muncie Mission is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code. Muncie Mission is not considered to be a private foundation.

2. Basis of Accounting and Principles of Consolidation

The consolidated financial statements include the consolidated accounts of Muncie Mission Ministries, Inc. and its related entity, Bountiful Harvest, Inc. (together Muncie Mission). All significant intercompany transactions and accounts have been eliminated. Muncie Mission follows the accrual basis of accounting.

3. Financial Statement Presentation

Net assets, support, investment return, revenues, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. While most gift instruments give Muncie Mission's Board of Directors the right to vary the terms of the gift, this only allows for a limited right of modification and does not relieve the restrictions imposed by the donor. Accordingly, the net assets of Muncie Mission are classified and reported as follows:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions and comprised of Muncie Mission's operations and unrestricted income from donations and endowment funds.

Net assets with donor restrictions - Net assets not yet appropriated for expenditure by Muncie Mission's Board of Directors in accordance with their spending policy or that have donor-imposed restrictions relating to a stipulated purpose or a specified time. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished or amounts have been allocated for expenditure by the Board of Directors, net assets are reclassified to net assets without donor restrictions and reported in the Consolidated Statements of Activities as net assets released from restrictions.

4. Contributions

Contributions are recognized when the donor makes a promise to give to Muncie Mission that is, in substance, unconditional. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the financial year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

5. Cash and Cash Equivalents

Muncie Mission maintains its cash in accounts at local financial institutions which are insured by agencies of the U.S. Government and money market accounts. For purposes of the statement of cash flows, Muncie Mission considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

6. Accounts Receivable

Muncie Mission's accounts receivables have contractual maturities of one year or less, and therefore are exempted from disclosure requirements. Muncie Mission considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to operations when that determination is made.

7. Inventories

Inventories are accounted for using the first-in first-out method and recorded at the lower of cost or market.

8. Compensated Absences

All employees earn Paid Days Off (PDO) depending on their length of service. PDO can be used for vacation, sick leave or personal days and are taken in full days only. PDO may be carried over from year to year and accumulated to be used only for sick leave, not to exceed 30 days.

9. Contributed Services

During the years ended December 31, 2021 and 2020, the value of contributed services meeting the requirements for recognition in the consolidated financial statements was not material and has not been recorded.

10. Property, Building and Equipment

Property, building and equipment owned by Muncie Mission are recorded at cost less accumulated depreciation. Depreciation is computed by the straight-line method over the useful class lives of the assets, ranging from three to forty years.

Expenditures for maintenance, repair and minor renewals are charged to income as incurred. Additions and major renewals are capitalized. The cost and related accumulated depreciation of assets sold or otherwise disposed of are removed from the accounts. Any gain or loss is credited or charged to income.

11. Investments

Investments consist primarily of certificates of deposit and marketable equity and debt securities that are stated at fair value based on quoted market prices. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the risks associated with investment securities and the uncertainty related to changes in the fair value of investment securities, it is at least reasonably possible that changes in fair value could materially affect the net assets of Muncie Mission.

12. Concentration of Credit Risk

Muncie Mission maintains its cash in bank deposit accounts at high credit quality financial institutions. The balances, at times, may exceed federally insured limits of up to \$250,000. At December 31, 2021 and 2020, Muncie Mission exceeded the insured limit by approximately \$481,034 and \$816,942, respectively.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

13. Uncertain Tax Positions

Muncie Mission recognizes a tax benefit only if it is more likely than not the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized will be the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the more-likely-than-not test, no tax benefit will be recorded. Muncie Mission has examined this issue and has determined there are no material contingent tax liabilities.

Muncie Mission's federal and state exempt organization tax returns for 2018, 2019, and 2020 are subject to examination by the Internal Revenue Service and the Indiana Department of Revenue. Returns are generally subject to examination for three years after they are filed.

14. Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributable to one or more program or supporting functions of Muncie Mission. Those expenses include salaries and wages and payroll taxes. These expenses are allocated on the basis of estimates of time and effort.

15. Advertising

Advertising costs are expensed as incurred and included in functional expenses. Advertising expenses totaled \$141,227 and \$121,138 for 2021 and 2020, respectively.

16. Revenue Recognition

Retail operations - Thrift store sales represent the gross proceeds, net of returns, of sales of donated and purchased merchandise at the Attic Window thrift stores.

Program service and delivery - Revenues are recognized when the tuition and fees are earned, in an amount that reflects the consideration Muncie Mission expects to be entitled to in exchange for those services.

17. Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - RISKS AND UNCERTAINTIES

Muncie Mission holds a variety of investments (Notes C and H). Such investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term that could materially affect the amounts reported in the accompanying consolidated financial statements.

In early March 2020, the COVID-19 virus was declared a global pandemic, and it unfortunately continues to spread rapidly. Market risks could be severely impacted for months or more, as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. Management is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A hierarchy of inputs is used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of Muncie Mission. Unobservable inputs are inputs that reflect Muncie Mission's assumptions about the assumptions that market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

NOTE G - ENDOWMENT FUNDS

The Board of Directors of Muncie Mission has interpreted the Indiana Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the date of the donor-restricted endowment funds, unless there are explicit donor stipulations to the contrary. At December 31, 2021 and 2020, there were no such donor stipulations. As a result of this interpretation, we retain in perpetuity (a) the original value of initial and subsequent gift amounts donated to the endowment and (b) any accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by us in a manner consistent with the standard of prudence prescribed by UPMIFA. We consider the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of Muncie Mission and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of Muncie Mission
7. Investment policies of Muncie Mission

Endowment net assets composition by type of fund as of December 31, 2021 and 2020 consist of board-designated endowment funds in the amount of \$35,829 and \$30,559, respectively.

Changes in endowment net assets for the years ended December 31, 2021 and 2020 were as follows:

NOTE L - COMMITMENTS AND CONTINGENCIES

Muncie Mission is subject to laws and regulations relating to the protection of the environment. Muncie Mission's policy is to accrue environmental and cleanup-related costs of a noncapital nature when it is both probable that a liability has been incurred and when the amount can be reasonably estimated. Although it is not possible to quantify with any degree of certainty the potential financial impact of Muncie Mission's continuing compliance efforts, management believes any future remediation or other compliance-related costs will not have a material adverse effect on the financial condition or reported results of operations of Muncie Mission.
